

Actuarial Solutions

making it simple®

Jason Vary is a Vice President of Actuarial Solutions Inc. and manages ASI's consulting practice. For over fifteen years, Jason has practiced in defined benefit pension and retiree health plans. He has experience with many plan designs including single-employer, multi-employer, private sector, government, unionized, non-unionized, as well as registered and non-registered executive plans. Jason works with clients on many projects including:

- valuation of plans for funding purposes
- accounting for plans under Canadian, U.S. and International GAAP
- revision and/or negotiation of benefit levels and ancillary benefits
- asset transfers between defined benefit plans
- conversion of defined benefit to defined contribution plans
- wind-up of defined benefit and/or defined contribution pension plans

In addition, he provides clients with independent due diligence services with respect to mergers and acquisitions.

Jason has a blend of technical skills and expert advice that allow him to move seamlessly between the roles of consultant and actuary. He oversees all consulting assignments for the firm to ensure technical accuracy of all advice, as well as consistency of presentation. He also plays a key role supporting the operation of the business.

Jason joined Actuarial Solutions Inc. in 2006. A Fellow of the Canadian Institute of Actuaries and the Society of Actuaries, Jason graduated from the University of Waterloo with an Honours Bachelor of Mathematics in 1998. His experience includes the retirement practices at Mercer and PricewaterhouseCoopers.

Jason is an active volunteer with the Canadian Institute of Actuaries, the Society of Actuaries and the Financial Services Commission of Ontario as follows:
