

# Actuarial Solutions

making it simple®

Jason Vary, President of Actuarial Solutions Inc., has practiced in defined benefit pension and retiree health plans for over twenty-five years. He has experience with many plan designs including single-employer, multi-employer, jointly-sponsored, private sector, government, unionized, non-unionized, as well as registered and non-registered executive plans. Jason works with clients on many projects including:

- valuation of plans for funding purposes
- accounting for plans under Canadian, U.S. and International GAAP
- revision and/or negotiation of benefit levels and ancillary benefits
- asset transfers between defined benefit plans
- conversion of defined benefit to defined contribution plans
- wind-up of defined benefit and/or defined contribution pension plans

He also provides clients with independent due diligence services with respect to mergers and acquisitions, and expert independent advice on matters before arbitrators and the courts.

In addition to his role as President, Jason has a blend of technical skills and expert advice that allow him to move seamlessly between the roles of consultant and actuary. He oversees all consulting assignments for the firm to ensure technical accuracy of all advice, as well as consistency of presentation.

Jason joined Actuarial Solutions Inc. in 2006. A Fellow of the Canadian Institute of Actuaries and the Society of Actuaries, Jason graduated from the University of Waterloo with an Honours Bachelor of Mathematics in 1998. His experience includes the retirement practices at Mercer and PricewaterhouseCoopers.

Jason is a frequent contributor to ASI's blog and has been quoted in various industry publications such as Benefits Canada, Benefits & Pensions Monitor, and Canadian Investment Review.

Jason is an active volunteer with the Canadian Institute of Actuaries, the International Actuarial Association, the Society of Actuaries and the Financial Services Regulatory Authority of Ontario as follows:

---
