

Pension Administration

Actuarial Solutions Inc (ASI) is focused on Making it Simple® for clients by providing a fully-outsourced administration service for defined benefit registered pension plans. We work with clients to find the right solutions for their defined benefit plan administration needs so that they can achieve cost efficiencies and streamlined procedures.

We have a dedicated team of experienced administrators with an average tenure with ASI of 10+ years. Clients can rely on dealing with a consistent team of administrators who are knowledgeable, skilled and dedicated to their business.

We provide the complete suite of administration services including:

Administration Services

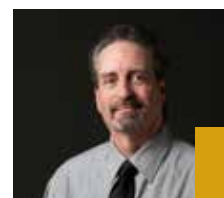

- Update and maintain member database
- Provide annual summary of membership data
- Prepare annual member statements for active and inactive members
- Prepare annual membership reconciliation
- Prepare Provincial and Federal Annual Information Returns (Including PBGF Assessment where required)
- Annual preparation of Contribution Report (Form 7 or equivalent)
- Annual filing of asset statements (including Form 8 or equivalent)
- Calculate Pension Adjustments for T4 reporting
- Preparation of Pension Adjustment Reversal reporting (quarterly)
- Monthly transfer ratio monitoring
- Prepare monthly fund accounting, including detailed reconciliation of benefit payments and contributions

Benefit Statement & Option Form Services

- Calculate member entitlements on termination, retirement, and death
- Prepare, deliver, track and process member options forms
- Interest Update & Payment Authorization

Marriage Breakdown Calculations & Reporting

- Calculate entitlements in accordance with applicable laws
- Prepare applicable regulatory forms
